

iNet Australia is part of an emerging network of innovative schools who have committed themselves to achieving systematic, significant and sustained change

## Why is iNet unique?

**iNet is the first choice for national and international networking to transform schools**

### Connecting Transformational Learning Communities

- Student Voice
- Pedagogy
- International On-Line Conferences
- Specialist Schools
- Access to iNet on-line services
- Learning Walks
- Publications
- Partnerships
- Models for 21st century learning that transform schools

### Supporting Professional Learning for Educational Transformation

- Visiting Academic Leaders
- Conferences , Events, Forums
- Raising Achievement Projects: RATL
- Developing Leader Programs
- Master Classes
- Study Tours
- Networking with Networks
- Corporate Partnerships
- Lead Practitioner Networks K-12

**Affiliation to iNet provides access for your whole school to all these benefits, international resources and more..**

### WHY JOIN iNet?

*If I were principal I would want to affiliate with the network as soon as I could !*  
Professor Hedley Beare

*iNet will allow Primary teachers and students to connect globally and learn together.*  
Rosemary de Bono, Principal, St Mary's PS North Sydney, NSW

*Participation in the iNet Young Leaders Program has given me exposure to thought leaders in education and networked me globally with other teachers.*  
Amanda Arousseau, Canberra Girls School, ACT

*iNet schools have access to global networks and amazing opportunities for teacher access to programs, projects and events*  
Julie Robinson , Director of Curriculum, John Paul College , Brisbane Queensland

*Membership has conferred on our school global acceptability which is enhanced by every member who joins iNet!*  
Jim Davies Principal Australian Science & Mathematics School, South Australia

*We are sharing in an international educational exchange which cannot fail to stimulate and improve our work.*  
Michael Phillips, Ringwood Secondary College, Victoria
