

# KEYSBOROUGH SECONDARY COLLEGE

## iNet Learning Walk Workshop

### Networking School Leaders for Transformation

#### Thursday 5 August 2010

### What are Learning Walks Workshops?

iNet Learning Walks provide an opportunity for educators to visit other schools, observe innovative practice, learn from other educators and to share experiences in new ways of furthering innovation and excellence. Learning Walks encourage reflection and help build collegial relationships.

#### Program Description- Pedagogy and Space

Keysborough College is a school across four campuses, which will eventually become two, catering for students from Year 7 to Year 12. The construction of the Junior Villages at Janine Road and Issac Road campuses of the college have commenced this year.

#### FOCUS: Personalising learning for the 21st century through Curriculum and School Design and Organisation.

#### Program aims

- To showcase the school's new building program and curriculum development for learning in the 21st century
- To provide a presentation that shows the vision we have for the future and how we plan on getting there
- To tour the North Campus to view the construction of the new buildings and how we are working with Open Plan Learning in preparation for how the new spaces will be used

#### Program features

- Opportunities for inspiring discussion and networking with colleagues
- Opportunity to talk with students and teachers about the program
- Opportunity to view how we are preparing for the transition from four campuses to two
- Opportunity to view how we integrate a broad range of ICT into the program

#### Who can apply?

Principals, deputy principals, secondary and primary school leaders who are committed to transforming their schools.

#### How to apply?

An application form can be found on the reverse, please complete and fax back to Chloe Purves - 03 9654 5108.

#### Cost

- \$90.00 per person iNet Affiliated School members
- \$120.00 per person Non-affiliated School members

The program is organised in partnership with iNet Affiliated Schools.

“My eyes are now opened to the wonderful things schools are currently doing in our communities. The use of innovative practices and technology is so exciting that I am inspired to try something different in my own school”.
