Practising Leaders Seminar — Friday March 12, 2010

This seminar focused on the areas of **Strategic Thinking and Operational Planning in School Leadership**.

Dr Gregory Clarke, a former Victorian and International School Principal presented to the group, incorporating his experience in balancing these two critical dimensions of leadership. This was followed by visits to St Joseph's School at Mernda and Caroline Chisholm Catholic College where participants heard and saw exemplary examples of visionary leadership in practice.

Participant **James Malone**, from Wooranna Park, commented:
"Excellent day, very productive learning. Thank you!"

International Leadership Learning Program – Head Teachers Study Tour from England

This recent intensive study tour, part of the **International Leadership Learning Program (ILLP)** run by the SSAT and National College of Leadership in Nottingham, saw the arrival in Melbourne of 9 Head Teachers from various parts of England who were focusing on developing their understanding of Personalising Learning.

These Primary and Secondary principals had the pleasure of visiting a range of Victorian schools across sectors, including: Presentation College Windsor, Ruyton Girls' School, Beaumaris North Primary School, Ringwood Secondary College, Princes Hill Primary School and Eltham College City School. The visitors also spent a fascinating day in Geelong, experiencing the excellent transition links between Belmont High School and Bellaire Primary School.

We extend our warm thanks to the leaders of these schools, for their generosity in welcoming these international visitors, and for sharing their innovative practices with them.

The Head Teachers were most impressed with the quality of the personalising learning that they witnessed in Australia, and found an openness, creativity and diversity in schools here that was most refreshing.

Head Teachers from England enjoy their final seminar with iNet staff

Important message for those leading the provision for Students with Special Education Needs in their educational setting

Join colleagues who are already preparing to undertake the professional study tour of a lifetime!

This tour focuses on your identified professional learning area and links you with global expertise in 21st century thinking and practice. Tailor your study tour to suit you for 3 available options.
