

Raising Achievement Transforming Learning - RATL

WHY JOIN RATL?

- Raise achievement and improve engagement in your school
- Benefit from working in close collaboration with schools in Australia and other countries
- Provide a stronger focus and more strategic professional learning for your staff

HOW WILL MY SCHOOL BENEFIT FROM RATL?

RATL schools use proven strategies to increase student performance which include:

- Utilising data for target setting
- Empowering students in the learning-teaching interface
- Formalising mentoring and coaching
- Implementing more personalised learning
- Transforming curriculum structures
- Incorporating parental and community involvement

RATL demonstrates that positive pressure through professional involvement [...], combined with data and evidence, in can-do cultures of learning, transparency, trust and support, can secure immediate, authentic and potentially lasting results in pupil achievement standards. - Professor Andy Hargreaves, Boston College

Transformation is change that is systematic significant and sustained.

REGISTRATION

Raising Achievement Transforming Learning - RATL Project 2010

1 year program

Cost:

\$5,000 + GST includes all RATL conference attendances for your school's RATL team for 1 year. This includes access to PD days for the entire school RATL team plus a range of RATL resources and services including support from the iNet RATL team.

RATL is an SSAT/iNet registered program & materials may be used only by program participants.

This project is for school leadership teams who partner with one or more schools to transform an agreed area or agreed areas of practice in their schools that result in improved outcomes for students.

There are a number of whole group seminars each year with leading educator presenters as well as personalised support and school visits from iNet staff and links with international schools.

RATL is available to all schools: Primary, Secondary & Special Schools. RATL is also available for networks of 10+ schools. Network Discounted prices by negotiation.

RATL2 is available for schools who have completed RATL.
